

Iridium 9505/9505A

Quick Connect Guide

www.explorersatellite.com

Go outside

Must have a clear view of the sky.

Power on Handset

Press red button with circle.

Antenna must be locked into place. Rotate Antenna 45 degrees to the top of the handset and fully extend

Wait for the Phone to Register

You will see a house icon in the bottom center of the screen.

Do not attempt to make a call if the phone does not register

You can "force register" the phone by pressing the up arrow key followed by the number "8".

Optimum signal strength is 3 bars or more. These are shown in the upper left corner of the display.

Iridium 9505/9505A

Quick Connect Guide

Sending Text Messages to Satphone

From the internet, go to either:

www.explorersatellite.com

Click on the Iridium Logo

or

www.Iridium.com

Click "Send a Satellite Message"

Enter the 12 Digit Iridium Number
(Skip box for reply e-mail)

Type in message up to 160 characters

Click send message.

Your message will appear on the Iridium handset the next time a call is placed.

This feature is free.

We recommend using this for non-urgent communication.

Ordinary e-mail may be sent to:
(12 digit Iridium #)[@msg.iridium.com](mailto:msg.iridium.com)

Character limit remains at 160.

Must Omit Signature Files.

Making Calls from Satphone

Dial 00+Country Code+Area Code+Tel

Check for adequate signal strength

Dial the sequence shown above

(The US Country Code is 1)

When you have entered the digits, press "OK" to "send" and "end" a call.

Note: Prepaid customers can dial 2888 for their account balances.

This is a free call.

Making Calls to Satphone

Dial Int'l Dialing Code + Iridium Tel #

To access an international line dial 011 from the US. This code varies from country to country.

Calls made to your satphone are billed to the party placing the call by their long distance carrier.

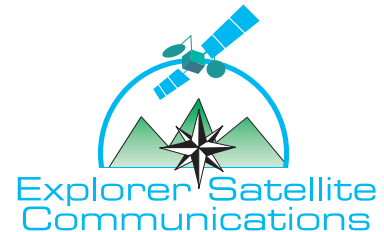

If you prefer to pay for inbound calls, use the access number and the method shown in the next section.

Making Calls to Satphone Using the Arizona Access Number

Used to receive a call that you wish to pay for vs. having the calling party pay.

Dial 1-480-768-2500 then enter the 12 digit Iridium telephone number.

Calls made using this method are charged to the Satphone account or deducted from prepaid minutes at the same rate as outbound calls.
